

Malankara Syrian Orthodox Sunday School Association of North America

2011 Vacation Bible School Theme

VBS is a fun-filled Bible learning experience that also helps to enhance the interest of children in Sunday school. It often provides an opportunity to foster fellowship amongst children of the neighboring churches. A theme-centered approach enables children, youth, and adults to study the same biblical content.

In order to have a common theme and program for our entire diocese, this year onwards a VBS kit (copy) will be made available to all of the 5 Regional Directors to support regional/sub regional VBS. This year's theme title is "Inside Out & Upside Down on Main Street" by Standard Publications

Please contact your Regional Director for more information.
