Blessings in our Lord Jesus Christ to the Moderators and other associates of the redesigned website www.malankara.com

Dear faithful,

The influence of the electronic media among the people of the modern world is immeasurable. Having understood this importance, our diocese has been utilizing the benefits of the electronic media through the website www.malankara.com. We have received quite a lot of positive remarks about our web site from with in and out side our diocese and the church at large.

You would all agree with us that a change is essential in the design and the fabric of our existing web site. Keeping this in mind we have asked our new web master Rev. Dn. Jerry and the team to develop an innovative and creative design for our web site. We appreciate and congratulate the team for their successful completion of the redesigned website.

At this time we thank Rev. Fr. Bijo Mathew, the former web master and the team for their splendid and creative work done for the glory of God and also we thank Mr. Kurian Mani, Los Angeles, who is supporting us by hosting the website freely.

We advise all our faithful to make use of the website and also to introduce to others so that the mission of God through our diocese can be made known to many. We extend our paternal blessings. May the Grace of God be with you all.

Our Father who art in Heaven.....
